Registered Nurse Job Duties:

As a Registered Nurse, responsibilities focus on promoting well-being through coordination of care of both individual and organizational services. These include but are not limited to:

- Oversee all aspects of the resident's care through directing and supervising LPNs, Nurse Technicians, Certified Medication Technicians, and CNA team members
- Provide direct patient care through medication and treatment administration, observation, managing acute changes in the resident's condition, and assisting other team members with cares
- Understand and carry out technical oral and written instructions
- Recognize significant changes in the condition of residents, and take necessary action
- Accompany physicians on rounds when necessary
- Review physician orders and documents
- Assist with the development, revision, and implementation of the resident plan of care

Required Skills:

- Associate's or Bachelor's degree from an accredited school of nursing
- Current licensure in the State of Wisconsin as a Registered Nurse
- Advanced knowledge of EMRs
- Willingness to work a flexible schedule and to fill in when needed
- Excellent bedside manner and communication skills
- Ability to explain treatments and conditions to patients of all ages
- Working knowledge of health care laws and regulations

Interested in joining our team?

Persons interested in joining a team of dedicated professional caregivers and experiencing the rewards of a career at a senior living campus, are strongly encouraged to submit a detailed resume or complete an employment application. Accompanying that document a Background Information Disclosure must be included. Please send these items to marketing@svhcs.org or mail to:
